

TECH TALKS

Artificial Intelligence in Manufacturing

AI can impact your manufacturing process and enhance your final product. But how do you begin your work with AI and what are the skills that you will need?

Join our keynote speaker, Tushar Singh, CEO Minute School, as he talks about AI skills for the manufacturing sector, followed by a panel discussion with industry leads affiliated with the AI/Hub.

- **Absar Beg** CEO, Lifelong Group of Companies
- **Daryl Thomas** CEO, People and Places Inc.
- **Hassan Jaffer** CEO, Low Freight Rate
- **Doug Jensen** Operations Manager, Cameco

AI/HUB

Thursday, April 4, 2019
