Under a system of divine kingship, this Egyptian civilization lasted thousands of years and contributed strongly to the later cultures of the Mediterranean and Europe.

This travelling exhibit created by the Royal Ontario Museum will cover topics such as personal adornment, daily household life, architecture, education, religion and the Ancient Egyptian view of the afterlife. The exhibit includes 9 display cases featuring original artifacts from the ROM's collection, 10 text panels, 17 hands-on artifacts, 4 activity stations and a video.

The exhibit will be on display March 7 to May 18, 2018 at the Scugog Shores Heritage Centre & Archives. The exhibit will be closed March 16 and 23 and April 11-13. Hours are Tuesday - Sunday from 11:00 am - 4:00 pm.

## **Sunday Speaker Series: Cuneiform, Hieroglyphs and Alphabets with Dr. Amy Barron**

Date and Time: Sunday, April 22 1:00 pm - 3:00 pm

Join Dr. Amy Barron as she speaks on "Cuneiform, Hieroglyphs and Alphabets: The Dawn of Writing in the Ancient World". Many people think that the earliest writing used by man started in ancient Egypt. But their neighbours, the Mesopotamians, may have the credit for creating the first written language. Learn how these two civilizations developed what was one of the most important early inventions, and how it later evolved into an alphabet more familiar to us today.

The talk starts at 1:00 pm at the Scugog Shores Heritage Centre & Archives. Admission is \$5/person and includes viewing of the exhibit Egypt: Gift of the Nile, on loan from the Royal Ontario Museum. For more information please contact Shannon at [museum@scugog.ca](mailto:museum@scugog.ca) or 905-985-8698 x 103.
