Adventures at the BOO-seum!

Date and Time: Sunday, October 22 11:00 am - 3:00 pm

Address: 16210 Island Road Port Perry ON

Are you looking to have a spook-tacular time? Enjoy a fun-filled day at the Scugog Shores Museum as you learn about the origins and traditions of Halloween. Make a creepy craft, listen to spooky stories and visit the haunted house if you dare. If that isn't enough toil and trouble, try your hand at pumpkin carving. Hot drinks will also be available for purchase.

Adventures at the Boo-seum is a kid-friendly and family-oriented event but will have some scary content. Please dress for the weather as this event takes place outdoors. Wearing a costume is encouraged!

You can sign up for the event now through our [online booking software](#).

Where Wild Meets Cultivated: How Wild Pollinators Feed You

Date and Time: Tuesday, October 24 7:00 pm - 8:30 pm

Address: Uxbridge Seniors Centre, 75 Marietta Street, Uxbridge, ON

October 24, 2023 – Where Wild Meets Cultivated: How Wild Pollinators Feed You with Susan Chan @ 7:00pm, Uxbridge Senior's Centre, 75 Marietta Street, Uxbridge, ON

Wild pollinators are important to plant reproduction generally but they are also integral to pollination of the agricultural products that we depend upon for balanced nutrition. This talk will describe that relationship, discuss some interesting examples of the strong relationship between wild pollinators and crops, and will outline some of the risks to pollinators of providing this service to us.

Susan Chan is a pollination biologist and agroecologist who focuses on the relationship between wild pollinators and crops. She is engaged in field research, informing government policy on pesticide use, conservation, and learning more about the natural history of ground-nesting solitary bees. Susan has a Ph.D. and M.Sc. from the University of Guelph, a B.Ed. from Western University, and a B.Sc in Agriculture from McGill University. She lives in Peterborough County on a small farm that uses permaculture techniques to build harmony between the wild and the cultivated.
